

May 27, 2020 OPSEU Local 731 Part Time Meeting

Question:

Could a part-time support staff be laid off to give a job to a full-time support staff?

Answer:

The Union would try to recommend other options for the full-time member other than displacing a part-time support member being that the RPTs just obtained their first CA.

Hopefully a retirement or a job posting arises that the FT member could move into.

However, this may be a possibility but it would not be the first option the Union would look at.?
